

The WWW is SIMILAR to a bridge. It is a public good, a crucial resource. The initial military DARPA funding grew into a global enterprise entirely paid for the for-profit ISP industry. A theft of this highway system is not tolerable. There is a Miranda Rights, spoken as: "You have to right to remain silent ..." Stop right there. There is a quaint document, saying that you will never have the right to silence me. Metaphor: a giant airport is built. IN the case of an ISP, the dollars come from the monthly fees paid. Why should the ownership become inverted? Now the consumer-paid airport has claims to be a bigot, showering favoritism on private jets of corporate royalty, the untouchable caste. The FCC contemplates TO PERMIT ITSELF the indecency to TOLERATE or EVEN ENDORSE a tow-tired system of QOS, and performance. Really?As soon as the public-paid-for Interstate is finished, then a sleight of hand expects to incite a travesty. That Highway cannot be usurped. The www is not up for sale. The internet is the property of EVERYBODY. There will be no tolerance for preferential treatment. There will be no tolerance for the trespassing by Comcast to inject a termination signal into the bandwidth of heavy users. A crime in the invisible world of electrons, that is STILL a criminal act, pre-meditated, and conspiracy-based. You can not allow a UTILITY to make a preemptive abortion on the files that I am downloading. Or to suspend my newsletters from arriving from a source that you have an illegal disapproval of. A pharmacist is NOT empowered to refuse a Rx for a day-after-pill. None of the public AIRWAYS and the UTILITY_SERVICES of electricity, and internet -- None of these can be restrained, impeded, constrained, or contaminated.. Equal Opportunity is the law of the Land, the land of the free. !

Profiling, and double standards are the antithesis of the mantra that justice is blind. Wake up, boys and girls. There is no complexity here. There is NO CHARADE of Wrestling/Issues here, none to contemplate. Snap out of the charlatanism. Not all of the Americans are comatose. This does require YOU TO PUSH BACK against the unlimited MONEY of Lobbyists and PACs. A loss of equality for the www will forever be a stain upon your own honor, and the credulity of the American Nation. It will never be forgivable, for a policy that is promulgated-- which may have consequences -- for ALLOWING of any double standards/inequity regarding a free and equal usage of the web, throughout ALL of the USA, and its countless. Freedom is for which I stand. The sacred freedoms of the www are inviolate, and no many can take them away. Please, do not ever, contemplate otherwise. Enjoy your day.
